PROFESSIONAL EXPERIENCE

Application Support Engineer | CorroHealth | Sep 2023 – Sep 2026

- Managed 500+ monthly Salesforce support tickets, providing structured customer support, follow-up, documentation, escalation, and resolution tracking.
- Handled service requests and production incidents through Jira and Salesforce while maintaining timely communication, accurate records, and SLA compliance.
- Worked with enterprise users and cross-functional teams to understand concerns, coordinate solutions, and take ownership through resolution.
- Supported healthcare-related applications and sensitive operational information with attention to confidentiality, accuracy, and service continuity.
- Coordinated corrective and preventive actions for recurring issues, contributing to a 35% reduction in incident recurrence.
- Maintained 99.9% service continuity in mission-critical production environments while balancing multiple priorities and escalations.

Senior Process Executive | Cognizant | Jan 2022 – Aug 2023

- Supported EmblemHealth healthcare claims-processing workflows involving high-volume medical claims, appeals, denials, and reprocessing activities.
- Reviewed sensitive healthcare information with a strong focus on confidentiality, accuracy, compliance, and attention to detail.
- Analysed discrepancies and coordinated with relevant teams and provider/billing-office representatives to support timely resolution.
- Maintained accurate case documentation and consistently met turnaround-time and quality requirements.
- Processed high-volume claims with 99.5% accuracy while managing multiple cases and priorities.

Associate IT Consultant | Sutherland | Apr 2019 – May 2021

- Provided inbound and remote customer support to McAfee customers across software, account, hardware, operating system, email, networking, and peripheral concerns.
- Handled approximately 40–50 customer support calls per day using Avaya One-X and Genesys, listening carefully to customer concerns and guiding them through solutions.
- Resolved customer issues professionally through troubleshooting, clear communication, follow-up, and accurate case documentation.
- Supported customers across diverse backgrounds while maintaining a professional and service-focused approach.
- Achieved 95%+ customer satisfaction while managing high-volume support interactions.

Customer Support Executive | Foundever | Oct 2017 – Mar 2019

- Provided inbound customer support to Bell Canada customers for broadband, routers, IPTV, email, connectivity, and service activation.
- Handled high-volume customer interactions, identified concerns, explained solutions clearly, and maintained accurate case records.
- Troubleshot connectivity and service issues while maintaining a calm, professional, and customer-focused approach.
- Used remote access and structured troubleshooting to resolve customer concerns efficiently.
